Subject Index

A

Abnormalities

Editorial (Shalita). 1988;19:163 (Symposium)

Abortion

Connective tissue disease associated with sclerodermoid features, early abortion, and circulating anticoagulant (Freeman et al). 1988;19:932-6

Acantholysis

Acantholytic acanthoma (Brownstein). 1988;19:783-6

Grover's disease provoked by ionizing radiation (Held et al). 1988;19:137-8 (Letter)

Acanthoma, acantholytic; see Acantholysis

Acanthosis nigricans

Acanthosis nigricans associated with mycosis fungoides (Schweitzer et al). 1988;19:951-3

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Acetic acids

Is it necessary to put vinegar on the penis when looking for warts? (Shear) (Query); (Chuang) (Reply); (Talledo) (Reply). 1988;19:372

Acitretin

Acitretin versus etretinate in psoriasis (Gollnick et al). 1988;19:458-69

Effects of retinoids in bone (Kilcoyne). 1988;19:212-6 (Symposium)

Fish oil supplementation results in decreased hypertriglyceridemia in patients with psoriasis undergoing etretinate or acitretin therapy (Ashley et al). 1988;19:76-82

Successful treatment of hidradenitis suppurativa with acitretin (Hogan and Light). 1988;19:355-6 (Letter)

Systemic retinoid therapy for psoriasis (Lowe et al). 1988;19:186-91 (Symposium)

Acne

Comparison of the stability of topical isotretinoin and topical tretinoin and their efficacy in acne (Elbaum). 1988;19:486-91

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Guidelines for prescribing isotretinoin (Accutane) in the treatment of female acne patients of childbearing potential (Pochi et al). 1988;19:920 (Special article)

Retinoids and acne (Leyden). 1988;19:164-8 (Symposium)

Use of oral and topical agents for acne in pregnancy (Rothman and Pochi). 1988;19:431-42 (CME article)

Acne rosacea; see Rosacea

Acquired immunodeficiency syndrome; see also HIV

Cutaneous manifestations of human immunodeficiency virus in Lusaka, Zambia (Hira et al). 1988;19:451-7

Disseminated warts and evolving squamous cell carcinoma in a patient with acquired immunodeficiency syndrome (Milburn et al). 1988;19:401-5 (Case rep.)

Giant molluscum contagiosum presenting as basal cell carcinoma in an acquired immunodeficiency syndrome patient (Fivenson et al) (Letter); (Duvic) (Reply). 1988;19:912-4

Remission of human immunodeficiency virus-associated generalized granuloma annulare under zidovudine therapy (Leenutaphong et al). 1988;19:1126-7 (Letter)

Unusual manifestations of syphilis with human immunodeficiency virus infection (McDaniel) (Letter); (Radolf) (Reply). 1988;19:578

Actinic cheilitis; see Cheilitis

Actinic keratosis; see Keratosis

Acyclovir

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Addison disease

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Adipose tissue

The fate of hypodermis after liposuction surgery (Piérard-Franchimont et al). 1988;19:723-8 (Derm. surg.)

Lipomembranous changes in chronic panniculitis (Alegre et al). 1988;19:39-46

Adrenal cortex diseases

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Adrenal cortex hormones

Behçet's disease (Arbesfeld and Kurban). 1988;19:767-79 (CME article)

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Perilesional linear atrophy and hypopigmentation after intralesional corticosteroid therapy (Friedman et al). 1988;19:537-41 (Adverse reactions)

Adrenal cortex neoplasms

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Adrenergic beta receptor blockers

β -Blocking drugs and psoriasis (Gold et al). 1988;19:837-41

Adverse reactions

Adverse reactions. 1988;19:91-4; 537-41; 699-704

Agglutinins

Cutaneous necrosis at site of transfusion: cold agglutinin disease (Stone et al). 1988;19:356-7 (Letter)

Aging

Topical tretinoin in the treatment of aging skin (Weiss et al). 1988;19:169-75 (Symposium)

July, part 1, 1-162; July, part 2, pp. 163-216; August, part 1, pp. 217-376; August, part 2, pp. 377-430; September, pp. 431-598; October, pp. 599-766; November, part 1, pp. 767-928, November, part 2, pp. 929-982; December, pp. 983-1176.

AIDS; see Acquired immunodeficiency syndrome

Albinism

Sporadic dysplastic nevus syndrome in a tyrosinase-positive oculocutaneous albino (Levin et al). 1988;19:393-6 (Case rep.)

Alcohol, propyl

Comparison of preoperative skin preparations for the face (Dzubow et al). 1988;19:737-41 (Derm. surg.)

Allergens

Persistence of an allergen in hair after glyceryl monothioglycolate-containing permanent wave solutions (Morrison and Storrs). 1988;19:52-9

Allergic contact dermatitis; see Dermatitis, contact

Alopecia; see also Alopecia areata

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Disorders of hair (Caserio and Hordinsky). 1988;19:895-903 (Periodic synopsis)

Generalized trichopatheliomas with alopecia and myasthenia gravis (Miyakawa et al). 1988;19:361-2 (Letter)

Hair transplantation between identical twins (Bertolino). 1988;19:418-21 (Case rep.)

The prevalence of hyperandrogenism in 109 consecutive female patients with diffuse alopecia (Futterweit et al). 1988;19:831-6

Alopecia areata

Alopecia areata and thyroid function in children (Tosti et al) (Letter); (Milgram) (Reply). 1988;19:1118-20

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Disorders of hair (Caserio and Hordinsky). 1988;19:895-903 (Periodic synopsis)

Thyroid evaluation in alopecia areata in children (Hall et al). 1988;19:1118 (Letter)

Amino acids

Plasma 5-S-cysteinyl-dopa differentiates patients with primary and metastatic melanoma from patients with dysplastic nevus syndrome and normal subjects (Peterson et al). 1988;19:509-15

Aminoglycosides

Altered gentamicin disposition in a child with a cavernous hemangioma (Gillespie et al). 1988;19:965-8

Amoxicillin

Amoxicillin and diaper dermatitis (Honig et al). 1988;19:275-9

Amyloidosis

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Androgenetic alopecia; see Alopecia

Androgens

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Anemia, hemolytic, autoimmune

Cutaneous necrosis at site of transfusion: cold agglutinin disease (Stone et al). 1988;19:356-7 (Letter)

Anemia, megaloblastic

Congenital dyschromia with erythrocyte, platelet, and tryptophan metabolism abnormalities (Foldes et al). 1988;19:642-55

Anesthesia, local

Local anesthesia in dermatologic surgery (Grekin and Auletta). 1988;19:599-614 (CME article)

Painless cauterization of spider veins with the use of iontophoretic local anesthesia (Bezzant et al). 1988;19:869-75 (Derm. surg.)

Angiolymphoid hyperplasia with eosinophilia

Treatment of angiolymphoid hyperplasia of the external ear with carbon dioxide laser (Hobbs et al). 1988;19:345-9 (Derm. surg.)

Angiotensin-converting enzymes

Increased levels of angiotensin-converting enzyme activity in Kaposi's sarcoma (Alcalay et al). 1988;19:911-2 (Letter)

Anthralin

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Yellow hair discoloration due to anthralin (Rogers et al). 1988;19:370-1 (Letter)

Antibiotics; see also Antibiotics, aminoglycoside

Amoxicillin and diaper dermatitis (Honig et al). 1988;19:275-9

The incidence of bacteremia in skin surgery of the head and neck (Halpern et al). 1988;19:112-6 (Derm. surg.)

Pustular eruption following administration of cefazolin: a second case report (Fayol et al). 1988;19:571 (Letter)

Antibiotics, aminoglycoside

Gentamicin: systemic exposure to a contact allergen (Ghadially and Ramsay). 1988;19:428-30 (Case rep.)

Antibodies

Confirmation of early Kaposi's sarcoma by polyclonal antibody to type IV collagen (Penneys et al). 1988;19:447-50

Idiotypes, anti-idiotypes, and autoimmunity (Rico and Hall). 1988;19:579-85 (Special article)

Polymyositis and pulmonary fibrosis associated with anti-PL-7 antibody (LaMedica et al). 1988;19:567-8 (Letter)

Antifungal agents

Ketoconazole 2% cream versus hydrocortisone 1% cream in the treatment of seborrheic dermatitis (Stratigos et al). 1988;19:850-3 (Therapy)

Toxic epidermal necrolysis from griseofulvin (Taylor and Duffill). 1988;19:565-7 (Letter)

Antigen-antibody reactions

Idiotypes, anti-idiotypes, and autoimmunity (Rico and Hall). 1988;19:57 9-85 (Special article)

Antigens

Routine diagnostic immunohistochemical labeling of extracellular antigens in formal saline solution-fixed, paraffin-embedded cutaneous tissue (Cerio and MacDonald). 1988;19:747-53 (Dermatopathology)

Antihistamines; see Histamine H1 receptor blockers

Anti-inflammatory agents

Behçet's disease (Arbesfeld and Kurban). 1988;19:767-79 (CME article)

Anti-inflammatory agents, non-steroidal

Pemphigoid-like bullous eruption related to ibuprofen (Laing et al). 1988;19:91-4 (Adverse reactions)

Antiphospholipid antibody syndrome; see Autoimmune diseases

Antisepsis

Comparison of preoperative skin preparations for the face (Dzubow et al). 1988;19:737-41 (Derm. surg.)

Aphthous ulceration; see Stomatitis, aphthous

Apocrine glands

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Successful treatment of hidradenitis suppurativa with acitretin (Hogan and Light). 1988;19:355-6 (Letter)

Arthritis, rheumatoid

Methotrexate in rheumatoid arthritis (Weinblatt and Kremer). 1988;19:126-8 (Editorial)

Astemizole

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Atrophy

Perilesional linear atrophy and hypopigmentation after intralesional corticosteroid therapy (Friedman et al). 1988;19:537-41 (Adverse reactions)

Autoimmune diseases

Chilblain lupus erythematosus and antiphospholipid antibody syndrome (Allegue et al). 1988;19:908-10 (Letter)

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Histopathologic and immunofluorescence study of skin lesions associated with circulating lupus anticoagulant (Alegre and Winkelmann). 1988;19:117-24 (Dermatopathology)

Azathioprine

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Resistant discoid lupus erythematosus of palms and soles: successful treatment with azathioprine (Ashinoff et al). 1988;19:961-4

B**Back, pathology**

Reticulohistiocytoma of the dorsum (Berti et al). 1988;19:259-72

Bacteremia; see Septicemia**Bacterial endocarditis; see Endocarditis, bacterial****Baldness; see Alopecia****Basal cell carcinoma; see Carcinoma, basal cell****Bath-PUVA therapy; see PUVA therapy****Behçet's syndrome**

Behçet's disease (Arbesfeld and Kurban). 1988;19:767-79 (CME article)

Neutrophilic vascular reactions (Jorizzo et al). 1988;19:983-1005 (CME article)

Benzoyl peroxide

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Beta blockers; see Adrenergic beta receptor blockers**Betamethasone**

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Biliary cirrhosis; see Liver cirrhosis, biliary**Biological availability**

Allergic contact dermatitis to nickel: bioavailability from consumer products and provocation threshold (Emmett et al). 1988;19:314-22

Birth defects; see Abnormalities**Blood coagulation factors**

Fibrous papule: a tumor of fibrohistiocytic cells that contain factor XIIIa (Nemeth et al). 1988;19:1102-6 (Dermatopathology)

Blood transfusion

Cutaneous necrosis at site of transfusion: cold agglutinin disease (Stone et al). 1988;19:356-7 (Letter)

Blue nevus; see Nevus, pigmented**Bone, drug effects**

Effects of retinoids in bone (Kilcoyne). 1988;19:212-6 (Symposium)

Book reviews

Book reviews. 1988;19:157-9; 586-91; 765-6; 926-8; 1146

Borrelia

Neuroborreliosis in morphea and lichen sclerosus et atrophicus (Aberer et al). 1988;19:820-5

Bowen's disease

Bowen's disease and internal malignancy (Chuang and Reizner). 1988;19:47-51

Breast neoplasms

Subacute cutaneous lupus erythematosus associated with breast carcinoma (Schewach-Millet et al). 1988;19:406-8 (Case rep.)

Bullous pemphigoid; see Pemphigoid, bullous**Bullous skin diseases; see Skin diseases, bullous****Buspirone**

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

C**Calcification, pathologic; see Calcinosis****Calcinosis**

Idiopathic calcinosis of the scrotum: histopathologic observations of fifty-one nodules (Song et al). 1988;19:1095-1101 (Dermatopathology)

An unusual case of dyskeratosis congenita with intracranial calcifications (Duprey and Steger). 1988;19:760-2 (Letter)

Candida albicans

Amoxicillin and diaper dermatitis (Honig et al). 1988;19:275-9

Candidiasis; see also Candidiasis, oral

Use of touch preparation for rapid diagnosis of disseminated candidiasis (Held et al). 1988;19:1063-6

Candidiasis, oral

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Capsarsin

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Carcinoid syndrome; see Malignant carcinoid syndrome**Carcinoma, basal cell**

Basal cell carcinomas and lymphoma: biologic behavior and associated factors in sixty-three patients (Parnes et al). 1988;19:1017-23

Micrographic surgery for the microscopically controlled excision of carcinoma of the external ear (Mohs et al). 1988;19:729-37 (Derm. surg.)

Occupational dermatoses (Mathias). 1988;19:1107-14 (Periodic synopsis)

Recurrent basal cell carcinoma and Mohs surgery (Friedman) (Letter); (Wagner) (Reply). 1988;19:908

Skin cancer in a Queensland population (Green et al). 1988;19:1045-52

Treatment and prevention of basal cell carcinoma with oral isotretinoin (Peck et al). 1988;19:176-85 (Symposium)

Carcinoma, squamous cell

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Carcinoma, squamous cell—cont'd

Disseminated warts and evolving squamous cell carcinoma in a patient with acquired immunodeficiency syndrome (Milburn et al). 1988;19:401-5 (Case rep.)

Micrographic surgery for the microscopically controlled excision of carcinoma of the external ear (Mohs et al). 1988;19:729-37 (Derm. surg.)

Occupational dermatoses (Mathias). 1988;19:1107-14 (Periodic synopsis)

Cautery

Painless cauterization of spider veins with the use of iontophoretic local anesthesia (Bezzant et al). 1988;19:869-75 (Derm. surg.)

Cavernous hemangioma; see Hemangioma, cavernous

Cefazolin

Pustular eruption following administration of cefazolin: a second case report (Fayol et al). 1988;19:571 (Letter)

Celiac disease

Adult celiac disease, small and medium vessel cutaneous necrotizing vasculitis, and T cell lymphoma (Alegre et al). 1988;19:973-8

Cellular immunity; see Immunity, cellular

Chancroid

Chancroid: clinical variants and other findings from an epidemic in Dallas County, 1986-1987 (McCarley et al). 1988;19:330-7 (Clin. rev.)

Cheilitis

Carbon dioxide laser treatment of chronic actinic cheilitis (Dufresne et al). 1988;19:876-8 (Derm. surg.)

Chemical warfare

Chemical warfare (Requena et al). 1988;19:529-36

Chemotherapy; see Drug therapy

Chilblain lupus erythematosus; see Lupus erythematosus, cutaneous

Chilblains

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Chlorhexidine

Comparison of preoperative skin preparations for the face (Dzubow et al). 1988;19:737-41 (Derm. surg.)

Chromates

Milk tester's dermatitis (Herzog et al). 1988;19:503-8

Cimetidine

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Herpes simplex virus infections and cimetidine therapy (Cohen and Kurzrock) (Letter); (Sams) (Reply). 1988;19:762-3

Cirrhosis, biliary; see Liver cirrhosis, biliary

Clindamycin

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Clinical review

Clinical review. 1988;19:95-111; 330-7; 705-22; 854-68; 1067-80

Clotrimazole

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Coagulation factors; see Blood coagulation factors

Coal tar

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Cold agglutinin disease; see Anemia, hemolytic, autoimmune

Colitis, ulcerative

Pemphigoid and ulcerative colitis (Barth et al). 1988;19:303-8

Collagen

Confirmation of early Kaposi's sarcoma by polyclonal antibody to type IV collagen (Penneys et al). 1988;19:447-50

Collagen diseases; see also Connective tissue diseases

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

The Ehlers-Danlos syndrome: recognition, characterization, and importance of a milder variant of the classic form (Holzberg et al). 1988;19:656-66

Commentaries

Commentary. 1988;19:1128-34

Condylomata acuminata

Changes in serum lipids in patients with condylomata acuminata treated with interferon alfa-n1 (Wellferron) (Olsen et al). 1988;19:286-9

Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Congenital anomalies; see Abnormalities

Connective tissue diseases; see also Collagen diseases

Connective tissue disease associated with sclerodermoid features, early abortion, and circulating anticoagulant (Freeman et al). 1988;19:932-6

Histopathologic and immunofluorescence study of skin lesions associated with circulating lupus anticoagulant (Alegre and Winkelmann). 1988;19:117-24 (Dermatopathology)

Lipomembranous changes in chronic panniculitis (Alegre et al). 1988;19:39-46

Occupational dermatoses (Mathias). 1988;19:1107-14 (Periodic synopsis)

Papular elastorrhexis: a variant of connective tissue nevus (Sears et al). 1988;19:409-14 (Case rep.)

Contact dermatitis; see Dermatitis, contact

Contemporaries

Contemporaries. 1988;19:160-2

Continuing medical education

Continuing medical education. 1988;19:1-20; 217-55; 431-44; 599-614; 767-79; 983-1005

Continuing medical education examination. 1988;19:21-3; 256-7; 443-5; 615-7; 780-1; 1006-7

Continuing medical education examination answers. 1988;19:24; 258; 446; 618; 782; 1008

Correction

Aloe vera (Klein and Penneys) (1988;18:714-20). 1988;19:82

Evaluation of muscular lesions in connective tissue diseases: thallium 201 muscular scans (Guillet et al) (1988;18:663-6). 1988;19:82

Itraconazole therapy for recalcitrant dermatophyte infections (Hanifin and Tofte) (1988;18:1077-80). 1988;19:536

Remember when? An organizational review (Parish et al) (1988;18:993-1001). 1988;19:66

Correspondence

Correspondence. 1988;19:129-44; 355-71; 564-78; 758-64; 908-14; 1117-27

Corticosteroids; see Adrenal cortex hormones

Crohn disease

Cutaneous Crohn's disease and progressive vitiligo (McPoland and Moss). 1988;19:421-5 (Case rep.)

Cross infection

Staphylococcus aureus colonization of burrows in erythrodermic Norwegian scabies (Shelley et al). 1988;19:673-8

Cryoglobulinemia

POEMS syndrome associated with cryoglobulinemia, lymphoma, multiple seborrheic keratosis, and ichthyosis (Fishel et al). 1988;19:979-82

Cryosurgery

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Cushing's syndrome

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Cutaneous lupus erythematosus; see Lupus erythematosus, cutaneous

Cutaneous mucinosis; see Mucinosis

Cyanoacrylates

Nail dystrophy and periungual dermatitis due to cyanoacrylate glue sensitivity (Shelley and Shelley). 1988;19:574-5 (Letter)

Cyclosporine

Clearing of epidermolysis bullosa acquisita with cyclosporine (Crow et al). 1988;19:937-42

Cylindroma

Autosomal dominant multiple cylindromas associated with solitary lung cylindroma (Vernon et al). 1988;19:397-400 (Case rep.)

Cyproterone

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Cysteinyldopa

Plasma 5-S-cysteinyldopa differentiates patients with primary and metastatic melanoma from patients with dysplastic nevus syndrome and normal subjects (Peterson et al). 1988;19:509-15

D**Dapsone**

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Deoxycoformycin

Inflammation of actinic keratosis caused by systemic chemotherapy—2[pr]-deoxycoformycin (Camisa). 1988;19:758 (Letter)

Treatment of cutaneous T cell lymphoma with 2[pr]-deoxycoformycin (pentostatin) (Dang-Vu et al). 1988;19:692-8 (Therapy)

Dermabrasion

Probable coexisting exogenous ochronosis and mercurial pigmentation managed by dermabrasion (Lang). 1988;19:942-6

Dermatitis, atopic

Effective treatment of Netherton's syndrome with 12% lactate lotion (Wehr et al). 1988;19:140-2 (Letter)

Dermatitis, contact

Allergic contact dermatitis to nickel: bioavailability from consumer products and provocation threshold (Emmett et al). 1988;19:314-22

Gentamicin: systemic exposure to a contact allergen (Ghadially and Ramsay). 1988;19:428-30 (Case rep.)

Persistence of an allergen in hair after glyceryl monothioglycolate-containing permanent wave solutions (Morrison and Storrs). 1988;19:52-9

Products of class II major histocompatibility complex gene subregions are differentially expressed on keratinocytes in cutaneous diseases (Barker et al). 1988;19:666-72

Study of irritant contact dermatitis produced by repeat patch test with sodium lauryl sulfate and assessed by visual methods, transepidermal water loss, and laser Doppler velocimetry (Freeman and Maibach). 1988;19:496-502

Dermatitis herpetiformis

Dermatitis herpetiformis: a case with palmar purpuric lesions treated with disodium cromoglycate (Massone et al). 1988;19:577 (Letter)

Dermatitis medicamentosa

Amoxicillin and diaper dermatitis (Honig et al). 1988;19:275-9
Scrotal dermatitis caused by 5-fluorouracil (Efudex) (Shelley and Shelley). 1988;19:929-31

Dermatitis, occupational; see Occupational dermatitis

Dermatitis seborrheica; see Seborrhea

Dermatologic surgery

Dermatologic surgery. 1988;19:112-6; 345-9; 542-9; 723-41; 869-78; 1081-8

Dermatology, history

Recollections of dermatology in the 1930s (Callaway). 1988;19:592-5 (Epitaph)

Dermatomycoses

Mixed viral and fungal skin lesions in a heart transplant recipient (Fivenson et al). 1988;19:1120-1 (Letter)

Phaeohyphomycosis caused by *Phialophora richardiae* (Ikai et al). 1988;19:478-81

Radiation port dermatophytosis (Rosen et al). 1988;19:1053-6

Tinea pedis in prepubertal children: Does it occur? (Kearse and Miller). 1988;19:619-22

Dermatopathology

Dermatosis, subcorneal pustular; see Sneddon-Wilkinson disease

Diabetes mellitus

Lichen sclerosus et atrophicus (García-Bravo et al). 1988;19:482-5

Diaper rash

Amoxicillin and diaper dermatitis (Honig et al). 1988;19:275-9

Diet therapy

Fish again for dinner! The role of fish and other dietary oils in the therapy of skin diseases (Isseroff). 1988;19:1073-80 (Clin. rev.)

Diphenylprone

Diphenylprone (Lane and Hogan). 1988;19:364-5 (Letter)

Diphenylcyclopropenone

Contact immunotherapy of resistant warts (Naylor et al). 1988;19:679-83 (Therapy)

Diphtheria, pertussis, tetanus vaccine; see Vaccines

Disodium cromoglycate

Dermatitis herpetiformis: a case with palmar purpuric lesions treated with disodium cromoglycate (Massone et al). 1988;19:577 (Letter)

Dobson, Richard L.

Richard L. Dobson, M.D., new editor of the JOURNAL OF THE AMERICAN ACADEMY OF DERMATOLOGY (Smith). 1988;19:125 (Editorial)

Doppler velocimeters; see Flowmeters

Down's syndrome

Multiple eruptive syringomas associated with Down's syndrome (Carey et al). 1988;19:759-80 (Letter)

Drug dispensing; see Prescriptions, drug

Drug hypersensitivity

Cutaneous reactions to vitamin K (Sanders and Winkelmann). 1988;19:699-704 (Adverse reactions)

Drug therapy

Inflammation of actinic keratosis caused by systemic chemotherapy—2[pr]-deoxycoformycin (Camisa). 1988;19:758 (Letter)

Drugs, administration and dosage

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Dyschromia, congenital; see Pigmentation disorders, congenital Dyskeratosis

Pagetoid dyskeratosis: a selective keratinocytic response (Tschen et al). 1988;19:891-4 (Dermatopathology)

An unusual case of dyskeratosis congenita with intracranial calcifications (Duprey and Steger). 1988;19:760-2 (Letter)

Dysplastic nevus syndrome

Photographs are useful for detection of malignant melanomas in patients who have dysplastic nevi (Kopf et al). 1988;19:1132-4 (Commentary)

Photographs for Clark's "dysplastic" nevi? (Rapini). 1988;19:1130-2 (Commentary)

Plasma 5-S-cysteinyl dopa differentiates patients with primary and metastatic melanoma from patients with dysplastic nevus syndrome and normal subjects (Peterson et al). 1988;19:509-15

Sporadic dysplastic nevus syndrome in a tyrosinase-positive oculocutaneous albino (Levin et al). 1988;19:393-6 (Case rep.)

E

Ear neoplasms

Micrographic surgery for the microscopically controlled excision of carcinoma of the external ear (Mohs et al). 1988;19:729-37 (Derm. surg.)

Eczema

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Eczema herpeticum; see Kaposi's varicelliform eruption

Edema

Severe edema associated with etretinate (Allan and Christmas). 1988;19:140 (Letter)

Editorials

Editorial. 1988;19:125-8; 350-4; 754-7; 904-7; 1115-6

Efudex; see Fluorouracil

Ehlers-Danlos syndrome

The Ehlers-Danlos syndrome: recognition, characterization, and importance of a milder variant of the classic form (Holzberg et al). 1988;19:656-66

Elastic tissue, pathology

Exanthematous elastolytic granuloma (Puig et al). 1988;19:564-5 (Letter)

Popular elastorrhexis: a variant of connective tissue nevus (Sears et al). 1988;19:409-14 (Case rep.)

Electromyography

Electromyographic abnormalities in patients undergoing long-term therapy with etretinate (David et al). 1988;19:273-5

Electrosurgery

Recurrent basal cell carcinoma and Mohs surgery (Friedman) (Letter); (Wagner) (Reply). 1988;19:908

The status of electrosurgery in dermatologic practice (Sebben). 1988;19:542-9 (Derm. surg.)

Endocarditis, bacterial

The incidence of bacteremia in skin surgery of the head and neck (Halpern et al). 1988;19:112-6 (Derm. surg.)

Endocrine diseases

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

The prevalence of hyperandrogenism in 109 consecutive female patients with diffuse alopecia (Futterweit et al). 1988;19:831-6

Endocrine neoplasms, multiple; see Neoplasms, multiple endocrine

Epidermal cyst

Epidermoid cyst of the thumb presenting as pincer nail (Baran and Broutart). 1988;19:143-4 (Letter)

Syringoma associated with milium-like lesions (Wenyuan). 1988;19:360-1 (Letter)

Epidermal necrolysis, toxic

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Toxic epidermal necrolysis from griseofulvin (Taylor and Duffill). 1988;19:565-7 (Letter)

Toxic epidermal necrolysis: report of two cases (Massullo et al). 1988;19:358-60 (Letter)

Epidermodysplasia verruciformis

Epidermodysplasia verruciformis and cell-mediated immunity (Leibovici and Kanner). 1988;19:577-8 (Letter)

Epidermolysis bullosa

Clearing of epidermolysis bullosa acquisita with cyclosporine (Crow et al). 1988;19:937-42

Equipment contamination

The status of electrosurgery in dermatologic practice (Sebben). 1988;19:542-9 (Derm. surg.)

Eruptive syringoma; see Sweat gland neoplasms

Erythema

Progressive symmetric erythrodermatitis (Rodríguez-Pichardo et al). 1988;19:129-30 (Letter)

Skin type, hair color, and freckles are predictors of decreased minimal erythema ultraviolet radiation dose (Azizi et al). 1988;19:32-8

Erythema multiforme

Erythema multiforme following diphtheria and tetanus toxoid vaccination (Griffith and Miller). 1988;19:758-9 (Letter)

Erythema nodosum

Histopathology of erythema nodosum in patients with coexisting lupus erythematosus (Dabski and Winkelmann). 1988;19:131-2 (Letter)

Erythematous mucinosis, reticular; see Mucinosis

Erythroderma

Benign and malignant forms of erythroderma: cutaneous immunophenotypic characteristics (Abel et al). 1988;19:1089-95 (Dermatopathology)

Progressive symmetric erythrodermatitis (Rodríguez-Pichardo et al). 1988;19:129-30 (Letter)

Subacute cutaneous lupus erythematosus presenting as erythroderma (DeSpain and Clark). 1988;19:388-92 (Case rep.)

Erythromycin

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Use of oral and topical agents for acne in pregnancy (Rothman and Pochi). 1988;19:431-42 (CME article)

Esophageal neoplasms

Vulvar and esophageal leiomyoma (Rosen) (Letter); (Jelinek) (Reply). 1988;19:783

Estrogens

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Ethics

Ethics and lasers (McBurney and Rosen) (Letter); (Wilson) (Reply). 1988;19:135-7

The role of academia in teaching ethics (Sams). 1988;19:1128-9 (Commentary)

The role of academia in teaching ethics: response (Wilson). 1988;19:1129-30 (Commentary)

Etretinate, adverse effects

Electromyographic abnormalities in patients undergoing long-term therapy with etretinate (David et al). 1988;19:273-5

Fish oil supplementation results in decreased hypertriglyceridemia in patients with psoriasis undergoing etretinate or acitretin therapy (Ashley et al). 1988;19:76-82

Severe edema associated with etretinate (Allan and Christmas). 1988;19:140 (Letter)

Etretinate, therapeutic use

Acitretin versus etretinate in psoriasis (Gollnick et al). 1988;19:458-69

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Etretinate therapy reduces inpatient treatment of psoriasis (Ellis et al). 1988;19:191-6 (Symposium)

Retinoids and acne (Leyden). 1988;19:164-8 (Symposium)

Systemic retinoid therapy for psoriasis (Lowe et al). 1988;19:186-91 (Symposium)

Exostoses

Digital exostosis causing enlargement of the fingertip (James). 1988;19:132 (Letter)

Eye

Ocular effects of oral retinoids (Lebowitz and Berson). 1988;19:209-11 (Symposium)

F**Factor XIII**

Fibrous papule: a tumor of fibrohistiocytic cells that contain factor XIIIa (Nemeth et al). 1988;19:1102-6 (Dermatopathology)

Fatty acids, unsaturated

Fish again for dinner! The role of fish and other dietary oils in the therapy of skin diseases (Isseroff). 1988;19:1073-80 (Clin. rev.)

Fatty tissue; see Adipose tissue**Febrile neutrophilic dermatosis; see Sweet's syndrome****Fetus, drug effects**

Use of oral and topical agents for acne in pregnancy (Rothman and Pochi). 1988;19:431-42 (CME article)

Fibrous histiocytoma; see Histiocytoma**Fibrous papule**

Fibrous papule: a tumor of fibrohistiocytic cells that contain factor XIIIa (Nemeth et al). 1988;19:1102-6 (Dermatopathology)

Fingers, abnormalities

Digital exostosis causing enlargement of the fingertip (James). 1988;19:132 (Letter)

Fish oils

Fish again for dinner! The role of fish and other dietary oils in the therapy of skin diseases (Isseroff). 1988;19:1073-80 (Clin. rev.)

Fish oils—cont'd

Fish oil supplementation results in decreased hypertriglyceridemia in patients with psoriasis undergoing etretinate or acitretin therapy (Ashley et al). 1988;19:76-82

Flowmeters

Study of irritant contact dermatitis produced by repeat patch test with sodium lauryl sulfate and assessed by visual methods, transepidermal water loss, and laser Doppler velocimetry (Freeman and Maibach). 1988;19:496-502

Fluocinolone acetonide

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Fluorescent antibody technic

Histopathologic and immunofluorescence study of skin lesions associated with circulating lupus anticoagulant (Alegre and Winkelmann). 1988;19:117-24 (Dermatopathology)

Fluorouracil

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Scrotal dermatitis caused by 5-fluorouracil (Efudex) (Shelley and Shelley). 1988;19:929-31

Flushing

Occupational dermatoses (Mathias). 1988;19:1107-14 (Periodic synopsis)

Why is flushing limited to a mostly facial cutaneous distribution? (Wilkin). 1988;19:309-13

Folliculitis

Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Foot, microbiology

Tinea pedis in prepubertal children: Does it occur? (Kearse and Miller). 1988;19:619-22

Freckles; see Melanosis**Fungal diseases; see Dermatomycoses; Mycoses****G****Gamma rays, adverse effects**

Radiation port dermatophytosis (Rosen et al). 1988;19:1053-6

Gels

Gel-ball pseudodermatitis (Barnett) (Letter); (Campbell) (Reply). 1988;19:368-9

Genital diseases, female

Lichen sclerosus et atrophicus (García-Bravo et al). 1988;19:482-5

Genital diseases, male

Is it necessary to put vinegar on the penis when looking for warts? (Shear) (Query); (Chuang) (Reply); (Talledo) (Reply). 1988;19:372

Lichen sclerosus et atrophicus (García-Bravo et al). 1988;19:482-5

Gentamicins

Altered gentamicin disposition in a child with a cavernous hemangioma (Gillespie et al). 1988;19:965-8

Gentamicin: systemic exposure to a contact allergen (Ghadially and Ramsay). 1988;19:428-30 (Case rep.)

Glucagonoma

Glucagonoma syndrome (Hashizume et al). 1988;19:377-83 (Case rep.)

Glyceryl monothioglycolate

Persistence of an allergen in hair after glyceryl monothioglycolate-containing permanent wave solutions (Morrison and Storrs). 1988;19:52-9

Goldman, Leon

A tribute with thanks to Leon Goldman, M.D. (Lobitz). 1988;19:160-2 (Contemporaries)

Granuloma

Exanthematous elastolytic granuloma (Puig et al). 1988;19:564-5 (Letter)

Remission of human immunodeficiency virus-associated generalized granuloma annulare under zidovudine therapy (Leenutaphong et al). 1988;19:1126-7 (Letter)

Grenz rays; see X-ray therapy

Griseofulvin

Toxic epidermal necrolysis from griseofulvin (Taylor and Duffill). 1988;19:565-7 (Letter)

Grover's disease; see Acantholysis

H

Hair

Disorders of hair (Caserio and Hordinsky). 1988;19:895-903 (Periodic synopsis)

Effective treatment of Netherton's syndrome with 12% lactate lotion (Wehr et al). 1988;19:140-2 (Letter)

Generalized trichoepteliomas with alopecia and myasthenia gravis (Miyakawa et al). 1988;19:361-2 (Letter)

Hair transplantation between identical twins (Bertolino). 1988;19:418-21 (Case rep.)

Persistence of an allergen in hair after glyceryl monothioglycolate-containing permanent wave solutions (Morrison and Storrs). 1988;19:52-9

Yellow hair discoloration due to anthralin (Rogers et al). 1988;19:370-1 (Letter)

Hair color

Skin type, hair color, and freckles are predictors of decreased minimal erythema ultraviolet radiation dose (Azizi et al). 1988;19:32-8

Hamartoma

Generalized trichoepteliomas with alopecia and myasthenia gravis (Miyakawa et al). 1988;19:361-2 (Letter)

Papular elastorrhexis: a variant of connective tissue nevus (Sears et al). 1988;19:409-14 (Case rep.)

Heart, transplantation

Mixed viral and fungal skin lesions in a heart transplant recipient (Fivenson et al). 1988;19:1120-1 (Letter)

Hemangioma; see also Hemangioma, cavernous

Targetoid hemosiderotic hemangioma (Santa Cruz and Aronberg). 1988;19:550-8 (Dermatopathology)

Hemangioma, cavernous

Altered gentamicin disposition in a child with a cavernous hemangioma (Gillespie et al). 1988;19:965-8

Hemophilia

Response to tetracycline of telangiectasias in a male hemophiliac with human immunodeficiency virus infection (Jiménez-Acosta et al). 1988;19:369-70 (Letter)

Herpes simplex

Herpes simplex virus infections and cimetidine therapy (Cohen and Kurzrock) (Letter); (Sams) (Reply). 1988;19:762-3

Herpes simplex—cont'd

Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Herpes zoster

Dermatologic therapy: December 1986 to December 1987 (Cockey). 1988;19:83-90 (Therapy)

Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Herrmann, Franz

In memory of Franz Herrmann on his 90th birthday, Aug. 2, 1988 (Steigleder). 1988;19:374 (Epitaph)

Hidradenoma

Hidradenoma papilliferum (Goette). 1988;19:133-5 (Letter)

Syringoma associated with milium-like lesions (Wenyuan). 1988;19:360-1 (Letter)

Vulvar syringomas occurring in a 9-year-old child (Scherbenske et al). 1988;19:575-7 (Letter)

Hirsutism

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

The prevalence of hyperandrogenism in 109 consecutive female patients with diffuse alopecia (Futterweit et al). 1988;19:831-6

Histamine H1 receptor blockers

Chronic urticaria: review of non-sedating H₁ antihistamines in treatment (Monroe). 1988;19:842-9 (Therapy)

Histiocytoma

Malignant fibrous histiocytoma in keratosis, ichthyosis, and deafness syndrome (Carey et al). 1988;19:1124-6 (Letter)

Reticulohistiocytoma of the dorsum (Berti et al). 1988;19:259-72

Histiocytosis X

Histiocytosis X in an adult: treatment of skin lesions with Grenz rays (Lindelföf). 1988;19:426-7 (Case rep.)

Histocompatibility complex; see Major histocompatibility complex

HIV

Cutaneous manifestations of early human immunodeficiency virus exposure (Berger et al). 1988;19:298-303

Cutaneous manifestations of human immunodeficiency virus in Lusaka, Zambia (Hira et al). 1988;19:451-7

Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Remission of human immunodeficiency virus-associated generalized granuloma annulare under zidovudine therapy (Leenutaphong et al). 1988;19:1126-7 (Letter)

Response to tetracycline of telangiectasias in a male hemophiliac with human immunodeficiency virus infection (Jiménez-Acosta et al). 1988;19:369-70 (Letter)

HIV infection; see Acquired immunodeficiency syndrome

HLA antigens

Differential expression of major histocompatibility complex class II antigens on human keratinocytes (Niedeken et al). 1988;19:1030-7

Hodgkin's disease

Linear IgA bullous dermatosis associated with Hodgkin's disease (Barnadas et al). 1988;19:1122-4 (Letter)

Should the patient with generalized pruritus be evaluated for malignancy? (Lober). 1988;19:350-2 (Editorial)

Human leukocyte antigens; see HLA antigens

Hydrocortisone

Ketoconazole 2% cream versus hydrocortisone 1% cream in the treatment of seborrheic dermatitis (Stratigos et al). 1988;19:850-3 (Therapy)

Hydroquinones

Probable coexisting exogenous ochronosis and mercurial pigmentation managed by dermabrasion (Lang). 1988;19:942-6

Hydroxychloroquine

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Hypercholesterolemia

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Hypertlipemia; see Hypertlipidemia**Hypertlipidemia**

Fish oil supplementation results in decreased hypertriglyceridemia in patients with psoriasis undergoing etretinate or acitretin therapy (Ashley et al). 1988;19:76-82

Hyperlipoproteinemia

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Hypermelanosis; see Pigmentation disorders**Hypersensitivity, drug; see Drug hypersensitivity****Hypervitaminosis A**

Liver toxicity of retinoid therapy (Roeningk). 1988;19:199-208 (Symposium)

Ocular effects of oral retinoids (Lebowitz and Berson). 1988;19:209-11 (Symposium)

Hyphomycetes

Phaeohyphomycosis caused by *Phialophora richardsiae* (Ikai et al). 1988;19:478-81

Hypodermis; see Adipose tissue**I****Iatrogenic disease**

The incidence of bacteremia in skin surgery of the head and neck (Halpern et al). 1988;19:112-6 (Derm. surg.)

Ibuprofen

Pemphigoid-like bullous eruption related to ibuprofen (Laing et al). 1988;19:91-4 (Adverse reactions)

Ichthyosis

Effective treatment of Netherton's syndrome with 12% lactate lotion (Wehr et al). 1988;19:140-2 (Letter)

Malignant fibrous histiocytoma in keratosis, ichthyosis, and deafness syndrome (Carey et al). 1988;19:1124-6 (Letter)

POEMS syndrome associated with cryoglobulinemia, lymphoma, multiple seborrheic keratosis, and ichthyosis (Fishel et al). 1988;19:979-82

Immunity, cellular

Epidermodysplasia verruciformis and cell-mediated immunity (Leibovici and Kanner). 1988;19:577-8 (Letter)

Immunofluorescence technic; see Fluorescent antibody technic**Immunoglobulin idiotypes**

Idiotypes, anti-idiotypes, and autoimmunity (Rico and Hall). 1988;19:579-85 (Special article)

Immunoglobulins

Routine diagnostic immunohistochemical labeling of extracellular antigens in formol saline solution-fixed, paraffin-embedded cutaneous tissue (Cerio and MacDonald). 1988;19:747-53 (Dermatopathology)

Immunoglobulins, alpha chain

Chronic bullous disease of childhood, childhood cicatricial pemphigoid, and linear IgA disease of adults (Wojnarowska et al). 1988;19:792-805

Immunohistochemistry

Routine diagnostic immunohistochemical labeling of extracellular antigens in formol saline solution-fixed, paraffin-embedded cutaneous tissue (Cerio and MacDonald). 1988;19:747-53 (Dermatopathology)

Immunosuppression

Mixed viral and fungal skin lesions in a heart transplant recipient (Fivenson et al). 1988;19:1120-1 (Letter)

Porokeratosis and immunosuppressive treatment for pemphigus foliaceus (Leibovici et al). 1988;19:910-1 (Letter)

Tinea versicolor in immunosuppressed patients (Hughes). 1988;19:357-8 (Letter)

Immunosuppressive agents

Porokeratosis and immunosuppressive treatment for pemphigus foliaceus (Leibovici et al). 1988;19:910-1 (Letter)

Immunotherapy

Contact immunotherapy of resistant warts (Naylor et al). 1988;19:679-83 (Therapy)

Industrial accidents; see Accidents, occupational**Inosiplex**

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Insulin lipodystrophy; see Lipodystrophy**Interferons**

Changes in serum lipids in patients with condylomata acuminata treated with interferon alfa-n1 (Wellferon) (Olsen et al). 1988;19:286-9

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Vulvitis circumscripita plasmacellularis treated successfully with interferon alpha (Morioka et al). 1988;19:947-50

Internship and residency

The role of academia in teaching ethics (Sams). 1988;19:1128-9 (Commentary)

The role of academia in teaching ethics: response (Wilson). 1988;19:1129-30 (Commentary)

Iodine

Comparison of preoperative skin preparations for the face (Dzubow et al). 1988;19:737-41 (Derm. surg.)

Ionizing radiation; see Radiation, ionizing**Iontophoresis**

Painless cauterization of spider veins with the use of iontophoretic local anesthesia (Bezzant et al). 1988;19:869-75 (Derm. surg.)

Isopropyl alcohol; see Alcohol, propyl**Isotretinoin; see Tretinoin****J****JOURNAL OF THE AMERICAN ACADEMY OF DERMATOLOGY**

Richard L. Dobson, M.D., new editor of the JOURNAL OF THE AMERICAN ACADEMY OF DERMATOLOGY (Smith). 1988;19:125 (Editorial)

K**Kaposi's sarcoma; see Sarcoma, Kaposi's****Kaposi's varicelliform eruption**

Increasing incidence of eczema herpeticum: analysis of 75 cases (Bork and Bräuninger). 1988;19:1024-9

Keratin

- Pagetoid dyskeratosis: a selective keratinocytic response (Tschen et al). 1988;19:891-4 (Dermatopathology)
An unusual case of dyskeratosis congenita with intracranial calcifications (Duprey and Steger). 1988;19:760-2 (Letter)

Keratinization

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Keratinocytes

- Differential expression of major histocompatibility complex class II antigens on human keratinocytes (Nieddecken et al). 1988;19:1030-7
Products of class II major histocompatibility complex gene subregions are differentially expressed on keratinocytes in cutaneous diseases (Barker et al). 1988;19:666-72

Keratoacanthoma

- Multinodular keratoacanthoma (Eliezri and Libow). 1988;19:826-30

Keratosis

- Inflammation of actinic keratosis caused by systemic chemotherapy—2[pr]-deoxycytosine (Camisa). 1988;19:758 (Letter)
Malignant fibrous histiocytoma in keratosis, ichthyosis, and deafness syndrome (Carey et al). 1988;19:1124-6 (Letter)
On the classification of the sign of Leser-Trélat (Holdiness). 1988;19:754-7 (Editorial)
POEMS syndrome associated with cryoglobulinemia, lymphoma, multiple seborrheic keratosis, and ichthyosis (Fishel et al). 1988;19:979-82
Progressive symmetric erythrodermatitis (Rodríguez-Pichardo et al). 1988;19:129-30 (Letter)
Skin cancer in a Queensland population (Green et al). 1988;19:1045-52

Ketoconazole

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)
Ketoconazole 2% cream versus hydrocortisone 1% cream in the treatment of seborrheic dermatitis (Stratigos et al). 1988;19:850-3 (Therapy)

Kraurosis vulvae

- Lichen sclerosus et atrophicus (García-Bravo et al). 1988;19:482-5

L

Lacrimal apparatus, secretion

- Tear secretion and lacrimal gland function of rabbits treated with isotretinoin (Rimondo et al). 1988;19:280-5

Lactates

- Effective treatment of Netherton's syndrome with 12% lactate lotion (Wehr et al). 1988;19:140-2 (Letter)

Laser surgery

- Carbon dioxide laser treatment of chronic actinic cheilitis (Dufresne et al). 1988;19:876-8 (Derm. surg.)
Treatment of angiolymphoid hyperplasia of the external ear with carbon dioxide laser (Hobbs et al). 1988;19:345-9 (Derm. surg.)

Leiomyoma

- Vulvar and esophageal leiomyoma (Rosen) (Letter); (Jelinek) (Reply). 1988;19:783

Leser-Trélat sign

- On the classification of the sign of Leser-Trélat (Holdiness). 1988;19:754-7 (Editorial)

Leukocytoclastic vasculitis; see Vasculitis

Leukoplakia, oral

- Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Lichen sclerosus et atrophicus

- Lichen sclerosus et atrophicus (García-Bravo et al). 1988;19:482-5
Neuroborreliosis in morphea and lichen sclerosus et atrophicus (Aberer et al). 1988;19:820-5

Lidocaine

- Local anesthesia in dermatologic surgery (Grekin and Auletta). 1988;19:599-614 (CME article)
Painless cauterization of spider veins with the use of iontophoretic local anesthesia (Bezzant et al). 1988;19:869-75 (Derm. surg.)

Lindane

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Linear morphea; see Scleroderma, circumscribed

Lip

- Carbon dioxide laser treatment of chronic actinic cheilitis (Dufresne et al). 1988;19:876-8 (Derm. surg.)
Transmucosal elimination of sialomucin in a ruptured mucous cyst of the lip (Goette). 1988;19:133 (Letter)

Lipids

- Changes in serum lipids in patients with condylomata acuminata treated with interferon alfa-n1 (Wellferon) (Olsen et al). 1988;19:286-9
Lipid and teratogenic effects of retinoids (Shalita). 1988;19:197-8 (Symposium)

Lipodystrophy

- Successful treatment of lipohypertrophic insulin lipodystrophy with liposuction surgery (Field) (Letter); (Hashimoto et al) (Reply). 1988;19:570

Lipohypertrophic insulin lipodystrophy; see Lipodystrophy

Lipoproteins; see also Lipoproteins, HDL

- Dermal, subcutaneous, and tendon xanthomas: diagnostic markers for specific lipoprotein disorders (Cruz et al). 1988;19:95-111 (Clin. rev.)

Lipoproteins, HDL

- Changes in serum lipids in patients with condylomata acuminata treated with interferon alfa-n1 (Wellferon) (Olsen et al). 1988;19:286-9

Liposuction; see Suction-assisted lipectomy

Liver, drug effects

- Liver toxicity of retinoid therapy (Roeningk). 1988;19:199-208 (Symposium)

Liver cirrhosis, biliary

- The "butterfly" sign in patients with primary biliary cirrhosis (Venencie et al). 1988;19:571-2 (Letter)

Local anesthesia; see Anesthesia, local

Loratadine

- Efficacy and safety of loratadine (10 mg once daily) in the management of idiopathic chronic urticaria (Monroe et al). 1988;19:138-9 (Letter)

Lupus erythematosus, cutaneous

- Chilblain lupus erythematosus and antiphospholipid antibody syndrome (Allegue et al). 1988;19:908-10 (Letter)
- Lupus erythematosus in a patient with long-standing multiple sclerosis (Berk et al). 1988;19:969-72
- Subacute cutaneous lupus erythematosus associated with breast carcinoma (Schewach-Millet et al). 1988;19:406-8 (Case rep.)
- Subacute cutaneous lupus erythematosus: clinicopathologic findings in thirteen cases (Herrero et al). 1988;19:1057-62
- Subacute cutaneous lupus erythematosus presenting as erythroderma (DeSpain and Clark). 1988;19:388-92 (Case rep.)

Lupus erythematosus, discoid

- Resistant discoid lupus erythematosus of palms and soles: successful treatment with azathioprine (Ashinoff et al). 1988;19:961-4

Lupus erythematosus, systemic

- Histopathologic and immunofluorescence study of skin lesions associated with circulating lupus anticoagulant (Alegre and Winkelmann). 1988;19:117-24 (Dermatopathology)
- Histopathology of erythema nodosum in patients with coexisting lupus erythematosus (Dabski and Winkelmann). 1988;19:131-2 (Letter)

Lymphocytic lymphoma; see Lymphoma, lymphocytic**Lymphoma**

- Basal cell carcinomas and lymphoma: biologic behavior and associated factors in sixty-three patients (Parnes et al). 1988;19:1017-23
- POEMS syndrome associated with cryoglobulinemia, lymphoma, multiple seborrheic keratosis, and ichthyosis (Fishel et al). 1988;19:979-82
- Lymphoma, lymphocytic**
- Adult celiac disease, small and medium vessel cutaneous necrotizing vasculitis, and T cell lymphoma (Alegre et al). 1988;19:973-8
- Topical mechlorethamine therapy for early stage mycosis fungoides (Ramsay et al). 1988;19:684-91 (Therapy)
- Treatment of cutaneous T cell lymphoma with 2[pr]-deoxycorymycin (pentostatin) (Dang-Vu et al). 1988;19:692-8 (Therapy)

Lysine

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

M**Macrophages**

- Melanophages in inflammatory skin disease demonstrate the surface phenotype of OKM5+ antigen-presenting cells and activated macrophages (Weiss et al). 1988;19:633-41

Major histocompatibility complex

- Differential expression of major histocompatibility complex class II antigens on human keratinocytes (Niedecken et al). 1988;19:1030-7
- Products of class II major histocompatibility complex gene subregions are differentially expressed on keratinocytes in cutaneous diseases (Barker et al). 1988;19:666-72

Malassezia

- Ketoconazole 2% cream versus hydrocortisone 1% cream in the treatment of seborrheic dermatitis (Stratigos et al). 1988;19:850-3 (Therapy)

Malignant carcinoid syndrome

- Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Malignant fibrous histiocytoma; see Histiocytoma**Mechlorethamine**

- Topical mechlorethamine therapy for early stage mycosis fungoides (Ramsay et al). 1988;19:684-91 (Therapy)

Meeting report

- Meeting report. 1988;19:921-5; 1142-5

Megaloblastic anemia; see Anemia, megaloblastic**Melanins**

- Biology of hypopigmentation (Bolognia and Pawelek). 1988;19:217-55 (CME article)

Melanocytes

- Biology of hypopigmentation (Bolognia and Pawelek). 1988;19:217-55 (CME article)

Melanoma

- Cutaneous melanomas in patients treated with psoralens plus ultraviolet A (Gupta et al). 1988;19:67-76
- Malignant blue nevus (Goldenherb et al). 1988;19:712-22 (Clin. rev.)
- Occupational dermatoses (Mathias). 1988;19:1107-14 (Periodic synopsis)
- Photographs are useful for detection of malignant melanomas in patients who have dysplastic nevi (Kopf et al). 1988;19:1132-4 (Commentary)
- Plasma S-S-cysteinyl-dopa differentiates patients with primary and metastatic melanoma from patients with dysplastic nevus syndrome and normal subjects (Peterson et al). 1988;19:509-15

Melanosis

- Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)
- Skin type, hair color, and freckles are predictors of decreased minimal erythema ultraviolet radiation dose (Azizi et al). 1988;19:32-8

Melasma; see Melanosis**Mercury**

- Probable coexisting exogenous ochronosis and mercurial pigmentation managed by dermabrasion (Lang). 1988;19:942-6

Methotrexate

- Methotrexate in psoriasis: revised guidelines (Roening et al). 1988;19:145-56 (Special article)
- Methotrexate in rheumatoid arthritis (Weinblatt and Kremer). 1988;19:126-8 (Editorial)

Metronidazole

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Microsurgery

- Micrographic surgery for the microscopically controlled excision of carcinoma of the external ear (Mohs et al). 1988;19:729-37 (Derm. surg.)
- Recurrent basal cell carcinoma and Mohs surgery (Friedman) (Letter); (Wagner) (Reply). 1988;19:908

Milium; see Epidermal cyst**Minoxidil**

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Mite infestations

- Prevalence of *Sarcoptes scabiei* in the homes and nursing homes of scabietic patients (Arlan et al). 1988;19:806-11
- Staphylococcus aureus* colonization of burrows in erythrodermic Norwegian scabies (Shelley et al). 1988;19:673-8

Mohs surgery; see Microsurgery

Molluscum contagiosum

- Giant molluscum contagiosum presenting as basal cell carcinoma in an acquired immunodeficiency syndrome patient (Fivenson et al) (Letter); (Duvic) (Reply). 1988;19:912-4
Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Monoclonal gammopathies; see Paraproteinemias

Morphea; see Scleroderma, circumscribed

Mouth mucosa, pathology

- Mucosal melanotic macule, reactive type: a simulation of melanoma (Horlick et al). 1988;19:786-91

Mucinosi

- Reticular erythematous mucinosi and thrombocytopenic purpura (Braddock et al). 1988;19:859-68 (Clin. rev.)

Mucins

- Scleromyxedema: therapeutic response to isotretinoin in three patients (Milam et al). 1988;19:469-77
Transmucosal elimination of sialomucin in a ruptured mucous cyst of the lip (Goette). 1988;19:133 (Letter)

Mucosal melanotic macule; see Mouth mucosa, pathology

Mucous membrane

- Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7
Mucosal melanotic macule, reactive type: a simulation of melanoma (Horlick et al). 1988;19:786-91

Multiple endocrine neoplasms; see Neoplasms, multiple endocrine

Multiple myeloma

- Cutaneous involvement of multiple myeloma and extramedullary plasmacytoma (Patterson et al). 1988;19:879-90 (Dermatopathology)

Multiple sclerosis

- Lupus erythematosus in a patient with long-standing multiple sclerosis (Berk et al). 1988;19:969-72

Muscles

- Electromyographic abnormalities in patients undergoing long-term therapy with etretinate (David et al). 1988;19:273-5
Polymyositis and pulmonary fibrosis associated with anti-PL-7 antibody (LaMedica et al). 1988;19:567-8 (Letter)

Musculoskeletal system

- Electromyographic abnormalities in patients undergoing long-term therapy with etretinate (David et al). 1988;19:273-5

Myasthenia gravis

- Generalized trichotrichiomas with alopecia and myasthenia gravis (Miyakawa et al). 1988;19:361-2 (Letter)
Pemphigus, myasthenia gravis, and pregnancy (Kaufman et al). 1988;19:414-8 (Case rep.)

Mycobacterium avium

- Cutaneous infection with *Mycobacterium avium*-intracellular scrofulaceum intermediate: a new pathogenic entity (Noel et al). 1988;19:492-5

Mycobacterium tuberculosis

- Tuberculous ulcer of the skin (Lantos et al). 1988;19:1067-72 (Clin. rev.)

Mycoses; see also Dermatormycoses

- Use of touch preparation for rapid diagnosis of disseminated candidiasis (Held et al). 1988;19:1063-6

Mycosis fungoides

- Acanthosis nigricans associated with mycosis fungoides (Schweitzer et al). 1988;19:951-3

Mycosis fungoides—cont'd

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)
Progression of pigmented purpura-like eruptions to mycosis fungoides: report of three cases (Barnhill and Braverman). 1988;19:25-31
Topical mechlorethamine therapy for early stage mycosis fungoides (Ramsay et al). 1988;19:684-91 (Therapy)

Myeloma, multiple; see Multiple myeloma

Myxoma

- Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

N

Nail diseases

- Pachyonychia congenita (Feinstein et al). 1988;19:705-11 (Clin. rev.)

Nails

- Nail dystrophy and periungual dermatitis due to cyanoacrylate glue sensitivity (Shelley and Shelley). 1988;19:574-5 (Letter)

Nails, malformed

- Epidermoid cyst of the thumb presenting as pincer nail (Baran and Broutart). 1988;19:143-4 (Letter)

Necrotizing vasculitis; see Vasculitis

Neoplasms

- Bowen's disease and internal malignancy (Chuang and Reizner). 1988;19:47-51

Neoplasms, multiple endocrine

- Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Netherton's syndrome

- Effective treatment of Netherton's syndrome with 12% lactate lotion (Wehr et al). 1988;19:140-2 (Letter)

Neuralgia

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Neurofibroma

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Neutrophilic dermatosis, febrile; see Sweet's syndrome

Neutrophils

- Neutrophilic vascular reactions (Jorizzo et al). 1988;19:983-1005 (CME article)

Nevoid hypermelanosis; see Pigmentation disorders

Nevus

- Popular elastorrhexis: a variant of connective tissue nevus (Sears et al). 1988;19:409-14 (Case rep.)

Nevus, pigmented

- Halo giant congenital melanocytic nevus: in vitro immunologic studies (Berman et al). 1988;19:954-60
The histology of "congenital features" in early acquired melanocytic nevi (Clemmensen and Kroon). 1988;19:742-6 (Dermatopathology)
Malignant blue nevus (Goldenherst et al). 1988;19:712-22 (Clin. rev.)

Nickel

- Allergic contact dermatitis to nickel: bioavailability from consumer products and provocation threshold (Emmett et al). 1988;19:314-22

Nifedipine

- Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Nitrogen mustard compounds

Chemical warfare (Requena et al). 1988;19:529-36

Nodulocystic acne; see Acne**Nonsteroidal anti-inflammatory agents; see Anti-inflammatory agents, non-steroidal**

O

Obituaries

Epitaph. 1988;19:374-6; 592-8

Occupational dermatitis

Milk tester's dermatitis (Herzog et al). 1988;19:503-8

Occupational dermatoses (Mathias). 1988;19:1107-14 (Periodic synopsis)

Ochronosis

Probable coexisting exogenous ochronosis and mercurial pigmentation managed by dermabrasion (Lang). 1988;19:942-6

Oils; see also Fish oils

Fish again for dinner! The role of fish and other dietary oils in the therapy of skin diseases (Isseroff). 1988;19:1073-80 (Clin. rev.)

Opportunistic infectionsCutaneous infection with *Mycobacterium avium-intracellulare* scrofulaceum intermediate: a new pathogenic entity (Noel et al). 1988;19:492-5**Oral candidiasis; see Candidiasis, oral****Oral leukoplakia; see Leukoplakia, oral****Oral mucosa, pathology; see Mouth mucosa, pathology****Ostomy**

Classification of peristomal skin changes in patients with urostomy (Borglund et al). 1988;19:623-8

P

Pachyonychia congenita

Pachyonychia congenita (Feinstein et al). 1988;19:705-11 (Clin. rev.)

Paget's disease, extra-mammary

Extramammary Paget's disease and the milk line (Saunders) (Letter); (Saïda) (Reply). 1988;19:139

Pancreatic neoplasms

Glucagonoma syndrome (Hashizume et al). 1988;19:377-83 (Case rep.)

Panniculitis, nodular nonsuppurative

Lipomembranous changes in chronic panniculitis (Alegre et al). 1988;19:39-46

Papillomaviruses

Disseminated warts and evolving squamous cell carcinoma in a patient with acquired immunodeficiency syndrome (Milburn et al). 1988;19:401-5 (Case rep.)

Is it necessary to put vinegar on the penis when looking for warts? (Shear) (Query); (Chuang) (Reply); (Talledo) (Reply). 1988;19:372

Paraffin

Routine diagnostic immunohistochemical labeling of extracellular antigens in formal saline solution-fixed, paraffin-embedded cutaneous tissue (Cerio and MacDonald). 1988;19:747-53 (Dermatopathology)

Paraproteinemias

Subcorneal pustular dermatosis (Sneddon-Wilkinson disease) in association with a monoclonal IgA gammopathy: a report and review of the literature (Kasha and Epinette). 1988;19:854-8 (Clin. rev.)

Patch tests

Study of irritant contact dermatitis produced by repeat patch test with sodium lauryl sulfate and assessed by visual methods, transepidermal water loss, and laser Doppler velocimetry (Freeman and Maibach). 1988;19:496-502

Patient compliance

Increased readability improves the comprehension of written information for patients with skin disease (Baker et al). 1988;19:1135-41 (Special article)

Patient education

Increased readability improves the comprehension of written information for patients with skin disease (Baker et al). 1988;19:1135-41 (Special article)

Pediatric dermatology

Alopecia areata and thyroid function in children (Tosti et al) (Letter); (Milgraum) (Reply). 1988;19:1118-20

Bullous pemphigoid of childhood: report of a case and immunoelectron microscopic studies (Tani et al). 1988;19:366-7 (Letter)

Chronic bullous disease of childhood, childhood cicatricial pemphigoid, and linear IgA disease of adults (Wojnarowska et al). 1988;19:792-805

Gel-ball pseudodermatitis (Barnett) (Letter); (Campbell) (Reply). 1988;19:368-9

Thyroid evaluation in alopecia areata in children (Hall et al). 1988;19:1118 (Letter)

Tinea pedis in prepubertal children: Does it occur? (Kearse and Miller). 1988;19:619-22

Pediculosis

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Pemphigoid, bullous

Bullous pemphigoid of childhood: report of a case and immunoelectron microscopic studies (Tani et al). 1988;19:366-7 (Letter)

Chronic bullous disease of childhood, childhood cicatricial pemphigoid, and linear IgA disease of adults (Wojnarowska et al). 1988;19:792-805

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Dyshidrosiform pemphigoid (Nunzi et al). 1988;19:568-9 (Letter)

Pemphigoid and ulcerative colitis (Barth et al). 1988;19:303-8

Pemphigoid-like bullous eruption related to ibuprofen (Laing et al). 1988;19:91-4 (Adverse reactions)

Pemphigus

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Pemphigus, myasthenia gravis, and pregnancy (Kaufman et al). 1988;19:414-8 (Case rep.)

Porokeratosis and immunosuppressive treatment for pemphigus foliaceus (Leibovici et al). 1988;19:910-1 (Letter)

Penicillamine

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Pentostatin; see Deoxycytosine**Periodic synopsis**

Periodic synopsis. 1988;19:559-63; 895-903; 1107-14

Permethrin

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Perniosis; see Chilblains

Phaeohyphomycosis; see Hyphomycetes

Phagocytosis

Exanthematous elastolytic granuloma (Puig et al). 1988;19:564-5 (Letter)

Pharmacology

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Pheochromocytoma

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Phialophora

Phaeohyphomycosis caused by *Phialophora richardsiae* (Ikai et al). 1988;19:478-81

Photoaging; see Dermatoheliosis

Photochemotherapy; see also PUVA therapy

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Effectiveness of relaxation and visualization techniques as an adjunct to phototherapy and photochemotherapy of psoriasis (Bernhard et al) (Letter); (Winchell and Watts) (Reply). 1988;19:572-4

Photodermatitis; see Photosensitivity disorders

Photography

Photographs are useful for detection of malignant melanomas in patients who have dysplastic nevi (Kopf et al). 1988;19:1132-4 (Commentary)

Photographs for Clark's "dysplastic" nevi? (Rapini). 1988;19:1130-2 (Commentary)

Photosensitivity disorders

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Occupational dermatoses (Mathias). 1988;19:1107-14 (Periodic synopsis)

Skin type, hair color, and freckles are predictors of decreased minimal erythema ultraviolet radiation dose (Azizi et al). 1988;19:32-8

Subacute cutaneous lupus erythematosus associated with breast carcinoma (Schewach-Millet et al). 1988;19:406-8 (Case rep.)

Subacute cutaneous lupus erythematosus presenting as erythroderma (DeSpain and Clark). 1988;19:388-92 (Case rep.)

Phototherapy

Effectiveness of relaxation and visualization techniques as an adjunct to phototherapy and photochemotherapy of psoriasis (Bernhard et al) (Letter); (Winchell and Watts) (Reply). 1988;19:572-4

Physical examination

Ave curatur cutis! (Chiarello). 1988;19:567 (Letter)

Physician's practice patterns

Physician drug dispensing (Lober et al). 1988;19:915-9 (Special article)

Pigmentation disorders

Biology of hypopigmentation (Bologna and Pawelek). 1988;19:217-55 (CME article)

Congenital dyschromia with erythrocyte, platelet, and tryptophan metabolism abnormalities (Foldes et al). 1988;19:642-55

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Pigmentation disorders—cont'd

Linear and whorled nevoid hypermelanosis (Kalter et al). 1988;19:1037-44

Mucosal melanotic macule, reactive type: a simulation of melanoma (Horlick et al). 1988;19:786-91

Perilesional linear atrophy and hypopigmentation after intralesional corticosteroid therapy (Friedman et al). 1988;19:537-41 (Adverse reactions)

Pityriasis rubra pilaris

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Plasmacytoma

Cutaneous involvement of multiple myeloma and extramedullary plasmacytoma (Patterson et al). 1988;19:879-90 (Dermatopathology)

Platelet storage pool deficiency

Congenital dyschromia with erythrocyte, platelet, and tryptophan metabolism abnormalities (Foldes et al). 1988;19:642-55

POEMS syndrome

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

POEMS syndrome associated with cryoglobulinemia, lymphoma, multiple seborrheic keratosis, and ichthyosis (Fishel et al). 1988;19:979-82

Poisoning

Cutaneous manifestations of tetrachlorodibenzo-*p*-dioxin in children and adolescents (Caputo et al). 1988;19:812-9

Polyunsaturated fatty acids; see Fatty acids, unsaturated

Porokeratosis

Porokeratosis and immunosuppressive treatment for pemphigus foliaceus (Leibovici et al). 1988;19:910-1 (Letter)

Postherpetic neuralgia; see Neuralgia

Potassium hydroxide

Use of touch preparation for rapid diagnosis of disseminated candidiasis (Held et al). 1988;19:1063-6

Povidone

Comparison of preoperative skin preparations for the face (Dzubow et al). 1988;19:737-41 (Derm. surg.)

Prednisolone, topical

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Pregnancy, drug effects

Editorial (Shalita). 1988;19:163 (Symposium)

Use of oral and topical agents for acne in pregnancy (Rothman and Pochi). 1988;19:431-42 (CME article)

Pregnancy complications

Isotretinoin and teratogenicity (Strauss et al). 1988;19:353-4 (Editorial)

Pemphigus, myasthenia gravis, and pregnancy (Kaufman et al). 1988;19:414-8 (Case rep.)

Pruritic urticarial papules and plaques of pregnancy: the enigma and the confusion (Alcalay and Wolf). 1988;19:1115-6 (Editorial)

Prescriptions, drug

Physician drug dispensing (Lober et al). 1988;19:915-9 (Special article)

Protein C

The dermatologist and protein C (Miller). 1988;19:904-7 (Editorial)

Pruritic urticarial papules and plaques of pregnancy; see Pruritus Pruritus

Pruritic urticarial papules and plaques of pregnancy: the enigma and the confusion (Alcalay and Wolf). 1988;19:1115-6 (Editorial)

Should the patient with generalized pruritus be evaluated for malignancy? (Lober). 1988;19:350-2 (Editorial)

Pseudoxanthoma elasticum

Periumbilical perforating pseudoxanthoma elasticum (Kazakis and Parish). 1988;19:384-8 (Case rep.)

Psoralen ultraviolet A therapy; see PUVA therapy**Psoralens**

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Standard oral versus bath-psoralens plus ultraviolet A (Rogers) (Letter); (Mora-Morillas) (Reply). 1988;19:368

Psoriasis

β -Blocking drugs and psoriasis (Gold et al). 1988;19:837-41

Primary eruption of psoriasis in a split skin graft (Elberg and Brandrup) (Letter); (Krueger) (Reply). 1988;19:569-70

Psoriasis and drugs: influence of tetracyclines on the course of psoriasis (Tsankov et al). 1988;19:629-32

Psoriasis, drug therapy

Acitretin versus etretinate in psoriasis (Gollnick et al). 1988;19:458-69

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Etretinate therapy reduces inpatient treatment of psoriasis (Ellis et al). 1988;19:191-6 (Symposium)

Fish oil supplementation results in decreased hypertriglyceridemia in patients with psoriasis undergoing etretinate or acitretin therapy (Ashley et al). 1988;19:76-82

Methotrexate in psoriasis: revised guidelines (Roennigk et al). 1988;19:145-56 (Special article)

A novel approach for the evaluation and treatment of psoriasis (Smith et al). 1988;19:516-28

Systemic retinoid therapy for psoriasis (Lowe et al). 1988;19:186-91 (Symposium)

Psoriasis, therapy

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Effectiveness of relaxation and visualization techniques as an adjunct to phototherapy and photochemotherapy of psoriasis (Bernhard et al) (Letter); (Winchell and Watts) (Reply). 1988;19:572-4

Psoriasis treatment in the Dead Sea: Second International Study Tour (Abel et al). 1988;19:362-4 (Letter)

Self-care in patients with psoriasis: first international Duo-Formula Group Training Workshop (Abel). 1988;19:1117-8 (Letter)

Pulmonary fibrosis, immunology

Polymyositis and pulmonary fibrosis associated with anti-PL-7 antibody (LaMedica et al). 1988;19:567-8 (Letter)

Purpura

Dermatitis herpetiformis: a case with palmar purpuric lesions treated with disodium cromoglycate (Massone et al). 1988;19:577 (Letter)

Purpura, thrombocytopenic

Reticular erythematous mucinosis and thrombocytopenic purpura (Braddock et al). 1988;19:859-68 (Clin. rev.)

Pustular dermatosis, subcorneal; see Sneddon-Wilkinson disease**Pustular vasculitis; see Vasculitis****Pustulosis palmoplantaris**

Thyroid function in patients with pustulosis palmoplantaris (Rosén et al). 1988;19:1009-16

PUVA therapy

Cutaneous melanomas in patients treated with psoralens plus ultraviolet A (Gupta et al). 1988;19:67-76

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Effectiveness of relaxation and visualization techniques as an adjunct to phototherapy and photochemotherapy of psoriasis (Bernhard et al) (Letter); (Winchell and Watts) (Reply). 1988;19:572-4

Standard oral versus bath-psoralens plus ultraviolet A (Rogers) (Letter); (Mora-Morillas) (Reply). 1988;19:368

Water temperature effect in bath-PUVA treatment (Jansen). 1988;19:142-3 (Letter)

Pyoderma

Neutrophilic vascular reactions (Jorizzo et al). 1988;19:983-1005 (CME article)

Q**Queries**

Queries. 1988;19:372-3

R**Radiodermatitis**

Radiation port dermatophytosis (Rosen et al). 1988;19:1053-6

Radiotherapy

The duration of local control of classic (non-AIDS-associated) Kaposi's sarcoma by radiotherapy (Cooper et al). 1988;19:59-66

Raynaud's disease

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Relaxation techniques

Effectiveness of relaxation and visualization techniques as an adjunct to phototherapy and photochemotherapy of psoriasis (Bernhard et al) (Letter); (Winchell and Watts) (Reply). 1988;19:572-4

Residency; see Internship and residency**Reticular erythematous mucinosis; see Mucinosis****Reticulocytes**

Reticulohistiocytoma of the dorsum (Berti et al). 1988;19:259-72

Retinoids, adverse effects

Editorial (Shalita). 1988;19:163 (Symposium)

Effects of retinoids in bone (Kilcoyne). 1988;19:212-6 (Symposium)

Fish oil supplementation results in decreased hypertriglyceridemia in patients with psoriasis undergoing etretinate or acitretin therapy (Ashley et al). 1988;19:76-82

Liver toxicity of retinoid therapy (Roennigk). 1988;19:199-208 (Symposium)

Ocular effects of oral retinoids (Lebowitz and Berson). 1988;19:209-11 (Symposium)

Retinoids, adverse effects—cont'd

Tear secretion and lacrimal gland function of rabbits treated with isotretinoin (Rismondo et al). 1988;19:280-5

Retinoids, pharmacodynamics

Effects of retinoids in bone (Kilcoyne). 1988;19:212-6 (Symposium)

Lipid and teratogenic effects of retinoids (Shalita). 1988;19:197-8 (Symposium)

Retinoids, therapeutic use

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Etretinate therapy reduces inpatient treatment of psoriasis (Ellis et al). 1988;19:191-6 (Symposium)

Retinoids and acne (Leyden). 1988;19:164-8 (Symposium)

Systemic retinoid therapy for psoriasis (Lowe et al). 1988;19:186-91 (Symposium)

Topical tretinoin in the treatment of aging skin (Weiss et al). 1988;19:169-75 (Symposium)

Treatment and prevention of basal cell carcinoma with oral isotretinoin (Peck et al). 1988;19:176-85 (Symposium)

Rheumatoid arthritis; see Arthritis, rheumatoid

Rosacea

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Rothman, Stephen

Personal experiences with Stephen Rothman, M.D. (Steigleder). 1988;19:596-8 (Epitaph)

S

Salivation

Transmucosal elimination of sialomucin in a ruptured mucous cyst of the lip (Goette). 1988;19:133 (Letter)

Sarcoma, Kaposi's

Confirmation of early Kaposi's sarcoma by polyclonal antibody to type IV collagen (Penneys et al). 1988;19:447-50

The duration of local control of classic (non-AIDS-associated) Kaposi's sarcoma by radiotherapy (Cooper et al). 1988;19:59-66

Increased levels of angiotensin-converting enzyme activity in Kaposi's sarcoma (Alcalay et al). 1988;19:911-2 (Letter)

Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Targetoid hemosiderotic hemangioma (Santa Cruz and Aronberg). 1988;19:550-8 (Dermatopathology)

Sarcoptes scabiei

Prevalence of *Sarcoptes scabiei* in the homes and nursing homes of scabietic patients (Arlan et al). 1988;19:806-11

Scabies

Prevalence of *Sarcoptes scabiei* in the homes and nursing homes of scabietic patients (Arlan et al). 1988;19:806-11

Staphylococcus aureus colonization of burrows in erythrodermic Norwegian scabies (Shelley et al). 1988;19:673-8

Scleroderma, circumscribed

Neuroborreliosis in morphea and lichen sclerosus et atrophicus (Aberer et al). 1988;19:820-5

Scleroderma, systemic

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Scleromyxedema

Scleromyxedema: therapeutic response to isotretinoin in three patients (Milam et al). 1988;19:469-77

Scrotum

Idiopathic calcinosis of the scrotum: histopathologic observations of fifty-one nodules (Song et al). 1988;19:1095-1101 (Dermatopathology)

Scrotal dermatitis caused by 5-fluorouracil (Efudex) (Shelley and Shelley). 1988;19:929-31

Seborrhea

Cutaneous manifestations of early human immunodeficiency virus exposure (Berger et al). 1988;19:298-303

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Ketoconazole 2% cream versus hydrocortisone 1% cream in the treatment of seborrheic dermatitis (Stratigos et al). 1988;19:850-3 (Therapy)

Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7

Seborrheic keratosis; see Keratosis

Self care

Self-care in patients with psoriasis: first international Duo-Formula Group Training Workshop (Abel). 1988;19:1177-8 (Letter)

Septicemia

The incidence of bacteremia in skin surgery of the head and neck (Halpern et al). 1988;19:112-6 (Derm. surg.)

Skin, surgery

The incidence of bacteremia in skin surgery of the head and neck (Halpern et al). 1988;19:112-6 (Derm. surg.)

Primary eruption of psoriasis in a split skin graft (Elberg and Brandrup) (Letter); (Krueger) (Reply). 1988;19:569-70

Skin diseases

Fish again for dinner! The role of fish and other dietary oils in the therapy of skin diseases (Isseroff). 1988;19:1073-80 (Clin. rev.)

Melanophages in inflammatory skin disease demonstrate the surface phenotype of OKM5+ antigen-presenting cells and activated macrophages (Weiss et al). 1988;19:633-41

Products of class II major histocompatibility complex gene subregions are differentially expressed on keratinocytes in cutaneous diseases (Barker et al). 1988;19:666-72

Skin diseases, bullous

Linear IgA bullous dermatosis associated with Hodgkin's disease (Barnadas et al). 1988;19:1122-4 (Letter)

Skin diseases, fungal; see Dermatomycoses

Skin examination; see Physical examination

Skin manifestations

Bowen's disease and internal malignancy (Chuang and Reizner). 1988;19:47-51

Cutaneous involvement of multiple myeloma and extramedullary plasmacytoma (Patterson et al). 1988;19:879-90 (Dermatopathology)

Cutaneous manifestations of early human immunodeficiency virus exposure (Berger et al). 1988;19:298-303

Cutaneous manifestations of human immunodeficiency virus in Lusaka, Zambia (Hira et al). 1988;19:451-7

Cutaneous manifestations of tetrachlorodibenzo-p-dioxin in children and adolescents (Caputo et al). 1988;19:812-9

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Skin manifestations—cont'd

- Glucagonoma syndrome (Hashizume et al). 1988;19:377-83 (Case rep.)
- Histopathologic and immunofluorescence study of skin lesions associated with circulating lupus anticoagulant (Alegre and Winkelmann). 1988;19:117-24 (Dermatopathology)
- Mucocutaneous manifestations in patients infected with human immunodeficiency virus (Alessi et al). 1988;19:290-7
- On the classification of the sign of Leser-Trélat (Holdiness). 1988;19:754-7 (Editorial)

Skin neoplasms; see also Carcinoma, basal cell; Carcinoma, squamous cell; Melanoma

- Acantholytic acanthoma (Brownstein). 1988;19:783-6
- An approach to patient assessment and preparation in cutaneous oncology (Leshin et al). 1988;19:1081-8 (Derm. surg.)
- Autosomal dominant multiple cylindromas associated with solitary lung cylindroma (Vernon et al). 1988;19:397-400 (Case rep.)
- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)
- Hidradenoma papilliferum (Goette). 1988;19:133-5 (Letter)
- Skin cancer in a Queensland population (Green et al). 1988;19:1045-52

Skin pigmentation; see also Pigmentation disorders

- Probable coexisting exogenous ochronosis and mercurial pigmentation managed by dermabrasion (Lang). 1988;19:942-6

Skin tuberculosis; see Tuberculosis, cutaneous**Skin ulcer**

- Tuberculous ulcer of the skin (Lantos et al). 1988;19:1067-72 (Clin. rev.)

Sneddon-Wilkinson disease

- Subcorneal pustular dermatosis (Sneddon-Wilkinson disease) in association with a monoclonal IgA gammopathy: a report and review of the literature (Kasha and Epinette). 1988;19:854-8 (Clin. rev.)

Sodium dodecyl sulfate

- Study of irritant contact dermatitis produced by repeat patch test with sodium lauryl sulfate and assessed by visual methods, transepidermal water loss, and laser Doppler velocimetry (Freeman and Maibach). 1988;19:496-502

Sodium lauryl sulfate; see Sodium dodecyl sulfate**Solar keratosis; see Keratosis****Special article**

Suction-assisted lipectomy

- The fate of hypodermis after liposuction surgery (Piérard-Franchimont et al). 1988;19:723-8 (Derm. surg.)

Suction-assisted lipectomy—cont'd

- Successful treatment of lipohypertrophic insulin lipodystrophy with liposuction surgery (Field) (Letter); (Hashimoto et al) (Reply). 1988;19:570

Sulfadiazine

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Sulfamethoxazole

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Sunlight, adverse effects

- Skin cancer in a Queensland population (Green et al). 1988;19:1045-52

Sweat gland neoplasms

- Adult-onset urticaria pigmentosa and eruptive syringomas (Clauddy). 1988;19:135 (Letter)
- Multiple eruptive syringomas associated with Down's syndrome (Carey et al). 1988;19:759-80 (Letter)
- Vulvar syringomas occurring in a 9-year-old child (Scherbenske et al). 1988;19:575-7 (Letter)

Sweet's syndrome

- Neutrophilic vascular reactions (Jorizzo et al). 1988;19:983-1005 (CME article)

Syringoma, chondroid; see Hidradenoma**Syringoma, eruptive; see Sweat gland neoplasms****Systemic sclerosis; see Scleroderma, systemic****T****T cell lymphoma; see Lymphoma, lymphocytic****Tears**

- Tear secretion and lacrimal gland function of rabbits treated with isotretinoin (Rismondo et al). 1988;19:280-5

Telangiectasis

- Response to tetracycline of telangiectasias in a male hemophilic with human immunodeficiency virus infection (Jiménez-Acosta et al). 1988;19:369-70 (Letter)

Teratogens

- Lipid and teratogenic effects of retinoids (Shalita). 1988;19:197-8 (Symposium)

Tetrachlorodibenzo-p-dioxin

- Cutaneous manifestations of tetrachlorodibenzo-p-dioxin in children and adolescents (Caputo et al). 1988;19:812-9

Tetracyclines

- Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)
- Psoriasis and drugs: influence of tetracyclines on the course of psoriasis (Tsankov et al). 1988;19:629-32
- Response to tetracycline of telangiectasias in a male hemophilic with human immunodeficiency virus infection (Jiménez-Acosta et al). 1988;19:369-70 (Letter)
- Use of oral and topical agents for acne in pregnancy (Rothman and Pochi). 1988;19:431-42 (CME article)

Thalidomide

- Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Therapy

- Therapy. 1988;19:83-90; 323-9; 679-98; 842-53

Thrombocytopenic purpura; see Purpura, thrombocytopenic**Thrush; see Candidiasis, oral**

Thumb

Epidermoid cyst of the thumb presenting as pincer nail (Baran and Broutart). 1988;19:143-4 (Letter)

Thyroid diseases

Alopecia areata and thyroid function in children (Tosti et al) (Letter); (Milgram) (Reply). 1988;19:1118-20

Thyroid evaluation in alopecia areata in children (Hall et al). 1988;19:1118 (Letter)

Thyroid function in patients with pustulosis palmoplantaris (Rosén et al). 1988;19:1009-16

Tinea pedis

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Tinea pedis in prepubertal children: Does it occur? (Kearse and Miller). 1988;19:619-22

Tinea versicolor

Tinea versicolor in immunosuppressed patients (Hughes). 1988;19:357-8 (Letter)

Toxic epidermal necrolysis; see Epidermal necrolysis, toxic

Toxic vitiligo; see Vitiligo

Transepidermal water loss; see Water loss, insensible

Transient acantholytic dermatosis; see Acantholysis

Transplantation, isogeneic

Hair transplantation between identical twins (Bertolino). 1988;19:418-21 (Case rep.)

Tretinoin

Comparison of the stability of topical isotretinoin and topical tretinoin and their efficacy in acne (Elbaum). 1988;19:486-91

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Editorial (Shalita). 1988;19:163 (Symposium)

Effects of retinoids in bone (Kilcoyne). 1988;19:212-6 (Symposium)

Guidelines for prescribing isotretinoin (Accutane) in the treatment of female acne patients of childbearing potential (Pochi et al). 1988;19:920 (Special article)

Isotretinoin and teratogenicity (Strauss et al). 1988;19:353-4 (Editorial)

Retinoids and acne (Leyden). 1988;19:164-8 (Symposium)

Scleromyxedema: therapeutic response to isotretinoin in three patients (Milam et al). 1988;19:469-77

Systemic retinoid therapy for psoriasis (Lowe et al). 1988;19:186-91 (Symposium)

Tear secretion and lacrimal gland function of rabbits treated with isotretinoin (Rismondo et al). 1988;19:280-5

Topical tretinoin in the treatment of aging skin (Weiss et al). 1988;19:169-75 (Symposium)

Treatment and prevention of basal cell carcinoma with oral isotretinoin (Peck et al). 1988;19:176-85 (Symposium)

Use of oral and topical agents for acne in pregnancy (Rothman and Pochi). 1988;19:431-42 (CME article)

Triamcinolone acetone

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Trichoepithelioma

Generalized trichoepitheliomas with alopecia and myasthenia gravis (Miyakawa et al). 1988;19:361-2 (Letter)

Triglycerides

Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20 (CME article)

Fish oil supplementation results in decreased hypertriglyceridemia in patients with psoriasis undergoing etretinate or acitretin therapy (Ashley et al). 1988;19:76-82

Trimethoprim

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Tryptophan

Congenital dyschromia with erythrocyte, platelet, and tryptophan metabolism abnormalities (Foldès et al). 1988;19:642-55

Tuberculosis, cutaneous

Tuberculous ulcer of the skin (Lantos et al). 1988;19:1067-72 (Clin. rev.)

Tumor markers, biological

Plasma 5-S-cysteinyl-dopa differentiates patients with primary and metastatic melanoma from patients with dysplastic nevus syndrome and normal subjects (Peterson et al). 1988;19:509-15

Twins, monozygotic

Hair transplantation between identical twins (Bertolino). 1988;19:418-21 (Case rep.)

U

Ulcer, skin; see Skin ulcer

Ulcerative colitis; see Colitis, ulcerative

Ultraviolet rays

Skin cancer in a Queensland population (Green et al). 1988;19:1045-52

Skin type, hair color, and freckles are predictors of decreased minimal erythema ultraviolet radiation dose (Azizi et al). 1988;19:32-8

Ultraviolet therapy; see also PUVA therapy

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Effectiveness of relaxation and visualization techniques as an adjunct to phototherapy and photochemotherapy of psoriasis (Bernhard et al) (Letter); (Winchell and Watts) (Reply). 1988;19:572-4

Psoriasis treatment in the Dead Sea: Second International Study Tour (Abel et al). 1988;19:362-4 (Letter)

Urinary diversion

Classification of peristomal skin changes in patients with urostomy (Borglund et al). 1988;19:623-8

Urostomy; see Urinary diversion

Urticaria; see also Urticaria pigmentosa

Chronic urticaria: review of nonsedating H₁ antihistamines in treatment (Monroe). 1988;19:842-9 (Therapy)

Dermatologic therapy: December 1986 to December 1987 (Coskey). 1988;19:83-90 (Therapy)

Dermatopharmacology: drugs around the corner (Greaves et al). 1988;19:323-9 (Therapy)

Efficacy and safety of loratadine (10 mg once daily) in the management of idiopathic chronic urticaria (Monroe et al). 1988;19:138-9 (Letter)

Occupational dermatoses (Mathias). 1988;19:1107-14 (Periodic synopsis)

Recent urticaria book (Pletscher) (Letter); (Keahey) (Reply). 1988;19:763-4

Urticaria pigmentosa

Adult-onset urticaria pigmentosa and eruptive syringomas (Clau-
dy). 1988;19:135 (Letter)

V**Vaccines**

Erythema multiforme following diphtheria and tetanus toxoid
vaccination (Griffith and Miller). 1988;19:758-9 (Letter)

Varicose ulcer

Gentamicin: systemic exposure to a contact allergen (Ghadially and
Ramsay). 1988;19:428-30 (Case rep.)

Varicose veins

Painless cauterization of spider veins with the use of iontophoretic
local anesthesia (Bezzant et al). 1988;19:869-75 (Derm. surg.)

Vascular diseases

Lipomembranous changes in chronic panniculitis (Alegre et al).
1988;19:39-46

Vasculitis

Adult celiac disease, small and medium vessel cutaneous necrotizing
vasculitis, and T cell lymphoma (Alegre et al). 1988;19:973-8
Dermatologic therapy: December 1986 to December 1987 (Cos-
key). 1988;19:83-90 (Therapy)
Neutrophilic vascular reactions (Jorizzo et al). 1988;19:983-1005
(CME article)

Venous ectasias; see Varicose veins**Verruca; see Warts****Viral diseases**

Mixed viral and fungal skin lesions in a heart transplant recipient
(Fivenson et al). 1988;19:1120-1 (Letter)

Vitamin D

A novel approach for the evaluation and treatment of psoriasis
(Smith et al). 1988;19:516-28

Vitamin K

Cutaneous reactions to vitamin K (Sanders and Winkelmann).
1988;19:699-704 (Adverse reactions)

Vitiligo

Cutaneous Crohn's disease and progressive vitiligo (McPoland and
Moss). 1988;19:421-5 (Case rep.)
Occupational dermatoses (Mathias). 1988;19:1107-14 (Periodic
synopsis)

Vulvar neoplasms, complications

Vulvar and esophageal leiomyoma (Rosen) (Letter); (Jelinek)
(Reply). 1988;19:783
Vulvar syringomas occurring in a 9-year-old child (Scherbenske et
al). 1988;19:575-7 (Letter)

Vulvitis

Vulvitis circumscripta plasmacellularis treated successfully with
interferon alpha (Morioka et al). 1988;19:947-50

W**Warts**

Contact immunotherapy of resistant warts (Naylor et al).
1988;19:679-83 (Therapy)
Dermatologic therapy: December 1986 to December 1987 (Cos-
key). 1988;19:83-90 (Therapy)
Diphenylprone (Lane and Hogan). 1988;19:364-5 (Letter)
Disseminated warts and evolving squamous cell carcinoma in a
patient with acquired immunodeficiency syndrome (Milburn et
al). 1988;19:401-5 (Case rep.)
Is it necessary to put vinegar on the penis when looking for warts?
(Shear) (Query); (Chuang) (Reply); (Talledo) (Reply). 1988;
19:372

Water loss, insensible

Study of irritant contact dermatitis produced by repeat patch test
with sodium lauryl sulfate and assessed by visual methods,
transepidermal water loss, and laser Doppler velocimetry (Free-
man and Maibach). 1988;19:496-502

Wegener's granulomatosis

Dermatologic therapy: December 1986 to December 1987 (Cos-
key). 1988;19:83-90 (Therapy)

Wellferon; see Interferons**Wound healing**

Wound healing (Falanga et al). 1988;19:559-63 (Periodic synop-
sis)

X**Xanthomas; see Xanthomatosis****Xanthomatosis**

Dermal, subcutaneous, and tendon xanthomas: diagnostic markers
for specific lipoprotein disorders (Cruz et al). 1988;19:95-111
(Clin. rev.)
Endocrine-skin interactions (Feingold and Elias). 1988;19:1-20
(CME article)

X-ray therapy

Histiocytosis X in an adult: treatment of skin lesions with Grenz
rays (Lindelöf). 1988;19:426-7 (Case rep.)

Z**Zidovudine**

Remission of human immunodeficiency virus-associated general-
ized granuloma annulare under zidovudine therapy (Leenuta-
phong et al). 1988;19:1126-7 (Letter)
